Featuring our Football World Cup penalty shootout competition

Premier
Education

**INSPIRING
ACTIVITY**

INTRODUCTION

As the Football World Cup is fast approaching and in legacy to the recent Lionesses European Championship success, we are excited to be launching our School Penalty Shootout Competition.

Every child will have the opportunity to simulate the excitement, nerves, tension and adrenaline of the penalty shootout experience.

The Penalty Shootout will be structured as a whole school competition.

Each class will be divided into four countries who will be represented at this year's Football World Cup.

The children will take three penalties each at the goal to try and score as many points as they can.

The points of every country will be added together, and the winning country will receive a trophy to celebrate.

WHAT'S INCLUDED...
